

WINTER 25/26

AS WE APPROACH OUR 33RD YEAR AS AN INDEPENDENT BRAND, I COULDN'T BE MORE STOKED ON WHAT LAYS OVER THE HORIZON. I SELDOM GET ASKED IF I'M BURNT OUT RUNNING 686. THE ANSWER IS ALWAYS "HELL NO."

I LIVE THE BRAND LIKE IT'S OUR FIRST YEAR IN BUSINESS WITH A COMMON STOKE THAT RUNS DEEP THROUGHOUT OUR PASSIONATE WINTER COMMUNITY. FROM OUR ATHLETES ACROSS THE GLOBE TO THE FACTORY WORKERS ON THE CUTTING ROOM FLOOR, ONE THING IS CERTAIN-WE'RE HERE BECAUSE WE HAVE A DEEP DESIRE TO BE THE BEST VERSION OF OURSELVES. WE'RE FOCUSED ON INNOVATING AND IMPROVING WHAT WE DO AND HOW WE DO IT. WE'RE MINDFUL AND INCLUSIVE THAT BEING OUTSIDE IS A BLESSING THAT SHOULD BE SHARE WITH OTHERS. FROM OUR RECENTLY MINTED B CORP® CERTIFICATION TO THE CONTINUED CHANGE CLIMATE® SUSTAINABLE INITIATIVES, I FEEL LIKE WE'RE JUST GETTING STARTED. WE'VE BEEN WORKING ON THE NEW COLLECTION FOR THE PAST FEW YEARS AND I'M EXCITED TO SHOW YOU WHAT WE'VE CREATED. ENJOY AND THANK YOU FOR THE CONTINUED SUPPORT!

ALWAYS AND FOREVER,

**MICHAEL AK-
IRA WEST**

HORIZONS

WE TRAVERSE THIS EARTH, SEARCHING FOR INSPIRATION AND SELF-DISCOVERY THROUGH ADVENTURE IN SNOW COVERED LANDSCAPES – SOME LITTERED WITH CLIFFS AND OTHERS COVERED IN CONCRETE AND STEEL. OUR UNITING GOAL IS SELF-EXPRESSION AND THE CREATION OF ART AS WE PAINT UPON THE SNOWY CANVAS BENEATH OUR FEET. OUR TROPHIES ARE THE FRIENDSHIPS WE BUILD AND THE MEMORIES WE BANK. WE DELVE INTO THE UNCHARTED AND WE CRAFT THE UNPRECEDENTED. OUR SPOTS SHAPE OUR OUTFITS, AND IN TURN, OUR ATTIRE BECOMES AN EXTENSION OF THE ART WE LIVE. EACH STITCH A WORD, EACH COLOR A FEELING, TOGETHER WEAVING THE STORY OF OUR DAYS.

SUSTAINABILITY

BUSINESS AS A FORCE FOR GOOD

CLIMATE FOCUSED

WE ARE COMMITTED TO A MINIMAL CARBON FOOTPRINT, PRIMARILY THROUGH RIGOROUS WASTE REDUCTION STRATEGIES.

A PIONEERING APPROACH OF PARTNERING WITH OUR FACTORIES AND USING STATE OF THE ART PRODUCTION TECHNOLOGY HAS LED TO A TOP-TIER 87% FABRIC CUTTING EFFICIENCY. THIS MEANS THAT EVERY YEAR WE SAVE MILES OF FABRIC FROM GOING TO THE LANDFILL AND USE THIS FABRIC IN OUR PRODUCTS.

ENGINEERING WAYS TO CREATE MORE WITH LESS

AS A CLIMATE NEUTRAL CERTIFIED BRAND, WE ANNUALLY MEASURE AND OFFSET 100% OF CORPORATE GHG EMISSIONS INCLUDING ATHLETE TRAVEL - TOTALLING 18,500 TONNES OF CO2E (REDUCED FROM PREVIOUS YEAR'S 27,000 TCO2E) OF GHG AND WE HAVE A PROGRESSIVE GHG REDUCTION PLAN THAT IS VETTED AND APPROVED BY CHANGE CLIMATE.

THROUGH TARGETED STRATEGIES, WE HAVE REDUCED THE IMPACT PER UNIT OF PRODUCT NEARLY 1% YOY FROM 2023 TO 2023 AND CONTINUE TO PRODUCE WITH LESS IMPACT THROUGH NEW CHOICES IN 2025 WITH LOWER CARBON AND CLIMATE IMPACTS.

LOCAL TO GLOBAL PHILOSOPHY

WE ARE COMMITTED TO THE COMMUNITIES SURROUNDING OUR HOME IN LOS ANGELES AND OUR LOCAL MOUNTAINS WITH OUTREACH EFFORTS PROVIDING SUPPORT AND ACCESS, AND ALSO ONBOARDING OUR FACTORIES ONTO ASSESSMENT MODELS WHICH WILL ALLOW FOR SUSTAINABLE SYSTEMIC CHANGES THAT PROVIDE BETTER WAGES, HEALTH, AND SAFETY TO THE WORKERS WHO PRODUCE OUR PRODUCTS.

AT HOME, WE HAVE PROVIDED SUPPORT AND ACCESS TO ORGANIZATIONS INCLUDING HOODS TO WOODS, SERVICE BOARD, SOS, RIDING ON INSULIN, STAY, RON FINELY FOUNDATION, BOYS & GIRLS CLUB HOLLYWOOD, BOYS & GIRLS CLUB WATTS/WILLOWBROOK, CHARITY: WATER, B4BC, SHRED FOUNDATION, REVERT FOUNDATION, AND SKATE LIKE A GIRL AND GLOBALLY WE HAVE ONBOARDED MANUFACTURING PARTNERS RESPONSIBLE FOR NEARLY 80% OF OUR PRODUCTION ONTO THE HIGG FACILITY SOCIAL AND LABOR MODEL.

WE ARE COMMITTED TO A CONTINUOUS JOURNEY OF IMPROVEMENT AND POSITIVE CONTRIBUTION TO THE WORLD WE LIVE AND PLAY IN AND USING OUR BUSINESS AS A FORCE FOR GOOD. B CORP CERTIFICATION DESIGNATES THAT WE'VE MET B CORP COMMUNITY STANDARDS OF PERFORMANCE, ACCOUNTABILITY, AND TRANSPARENCY ON FACTORS FROM EMPLOYEE BENEFITS AND ENVIRONMENTAL MANAGEMENT TO SUPPLY CHAIN PRACTICES AND INPUT MATERIALS.

COLOR MERCHANDISING KEY

COLOR IS A LANGUAGE THAT TRANSCENDS WORDS AND EVOKES EMOTIONS. EACH HUE CARRIES ITS OWN SIGNIFICANCE: THE CALMING BLUE OF A CLEAR SKY ON A POWDER DAY, THE SOFT PINK OF ALPENGLOW OR THE REFRESHING GREEN OF A PINE FOREST. THE WINTER 25/26 COLOR PALETTE IS INSPIRED BY WHAT WE SEE FROM THE MIND SURFING WE DO AS WE PLAN, TO THE FLOW WE FIND AS WE EXPLORE. WE SHOWCASE SUBTLE EARTH TONES TO VIVID BRIGHTS. SOMETHING FOR EVERYONE.

TECHNICAL FABRICATIONS

The seams where pieces of fabric are brought together are the most likely spot for moisture to intrude into a garment. The seam taping process prevents this by making the seams as waterproof as their surrounding fabric. Seams in 686 garments can be full taped throughout the garment or taped only at critical areas to further ensure quality workmanship and guarantee waterproofing.

The GORE-TEX membrane is created as a series of pores. Each pore is 20,000 times smaller than a water drop, yet large enough for vapor to pass through. This creates the ultimate membrane for keeping the inside of your garment dry while still allowing moisture and perspiration to pass through, effectively regulating your body temperature while keeping you comfortable inside your jacket or pants.

Not only is GORE-TEX fabric lightweight and breathable it is also guarantees you will stay dry and warm in any condition, for the life of your garment. All GORE-TEX fabrics are bluesign® approved, meeting the highest environmental standards.

TECHNICAL FABRICATIONS

A gridded fleece mouth flap creates open air channels between insulation to increase breathability in an area around your mouth where moisture is most likely to build up. This material is designed to create a temperature regulating environment that is warm and also hyper breathable to reduce uncomfortable freezing of fabric around your chin and mouth.

Your phone is in and out of your pocket to film, meet up with friends or to find out when a chair is opening at the resort. This fleece inner pocket is designed to keep your phone tight to your body and use body heat to keep it at a temperature that will reduce battery drain on hill in the cold.

GLCR Jackets have a built in goggle pocket that holds tight to your body when you ride and mesh that allows lenses to breath and not get fogged out. An extra pocket is built in just below this pocket for a day when you need a fresh lens after you get off the lift on a wet day or fall face first into the snow.

THE PAST

REIMAGINING

WE DIDN'T HAVE TO LOOK FAR TO FIND NEW INSPIRATION. BURIED DEEP IN OUR ARCHIVES AND HIDDEN FROM THE PUBLIC FOR YEARS WERE STYLES THAT SPOKE TO OUR RIDERS AND DESIGNERS AND DEMANDED A COMEBACK. CURATED FROM OUR PAST, THESE REISSUED JACKETS FEATURE THE SAME DESIGN, LOGOS AND FIT FROM THE PAST, REIMAGINED IN MODERN MATERIALS.

TECHNICAL FABRICATIONS

The Original, Trademarked 3-in-1 Detachable Layering System. Since its inception decades ago, 686 SMARTY® 3-in-1 technology has set the integrated layering standard for the outerwear industry, adding premium versatility and value to jackets and pants. Every SMARTY® combination is specifically designed so that the shell and detachable liner work in unison to provide the ultimate experience, versatility, and value. Available in Form Jacket.

Nothing is more frustrating or uncomfortable than getting snow up your sleeve. A lycra wrist gaiter and an adjustable wrist gaiter will lock snow and cold out of your jacket whether you wear your jacket over or under your mitt.

686 jackets have a built in goggle pocket that holds tight to your body when you ride and mesh that allows lenses to breath and not get fogged out. An extra pocket is built in just below this pocket for a day when you need a fresh lens after you get off the lift on a wet day or fall face first into the snow.

686 02 10

THE VOICE OF A GENERATION, SUBLIME FORMED IN LONG BEACH IN 1988 AND BROUGHT FORTH A NEW BLEND OF ECLECTIC SOUNDS AND INFLUENCED THE SOUNDTRACKS OF SNOWBOARD AND FREESKI CONTESTS AND VIDEO PARTS FOR THE GREATER PART OF A DECADE. EVEN AFTER THE UNTIMELY PASSING OF FRONTMAN BRADLEY NOWELL, SUBLIME'S MUSIC CONTINUES TO INFLUENCE GENERATIONS OF SKATERS, SURFERS, AND MISFITS ALIKE. THE BAND'S UNIQUE ABILITY TO CAPTURE THE SUN-SOAKED, REBELLIOUS SPIRIT OF SOUTHERN CALIFORNIA STILL RESONATES ACROSS OUR CULTURE TODAY.

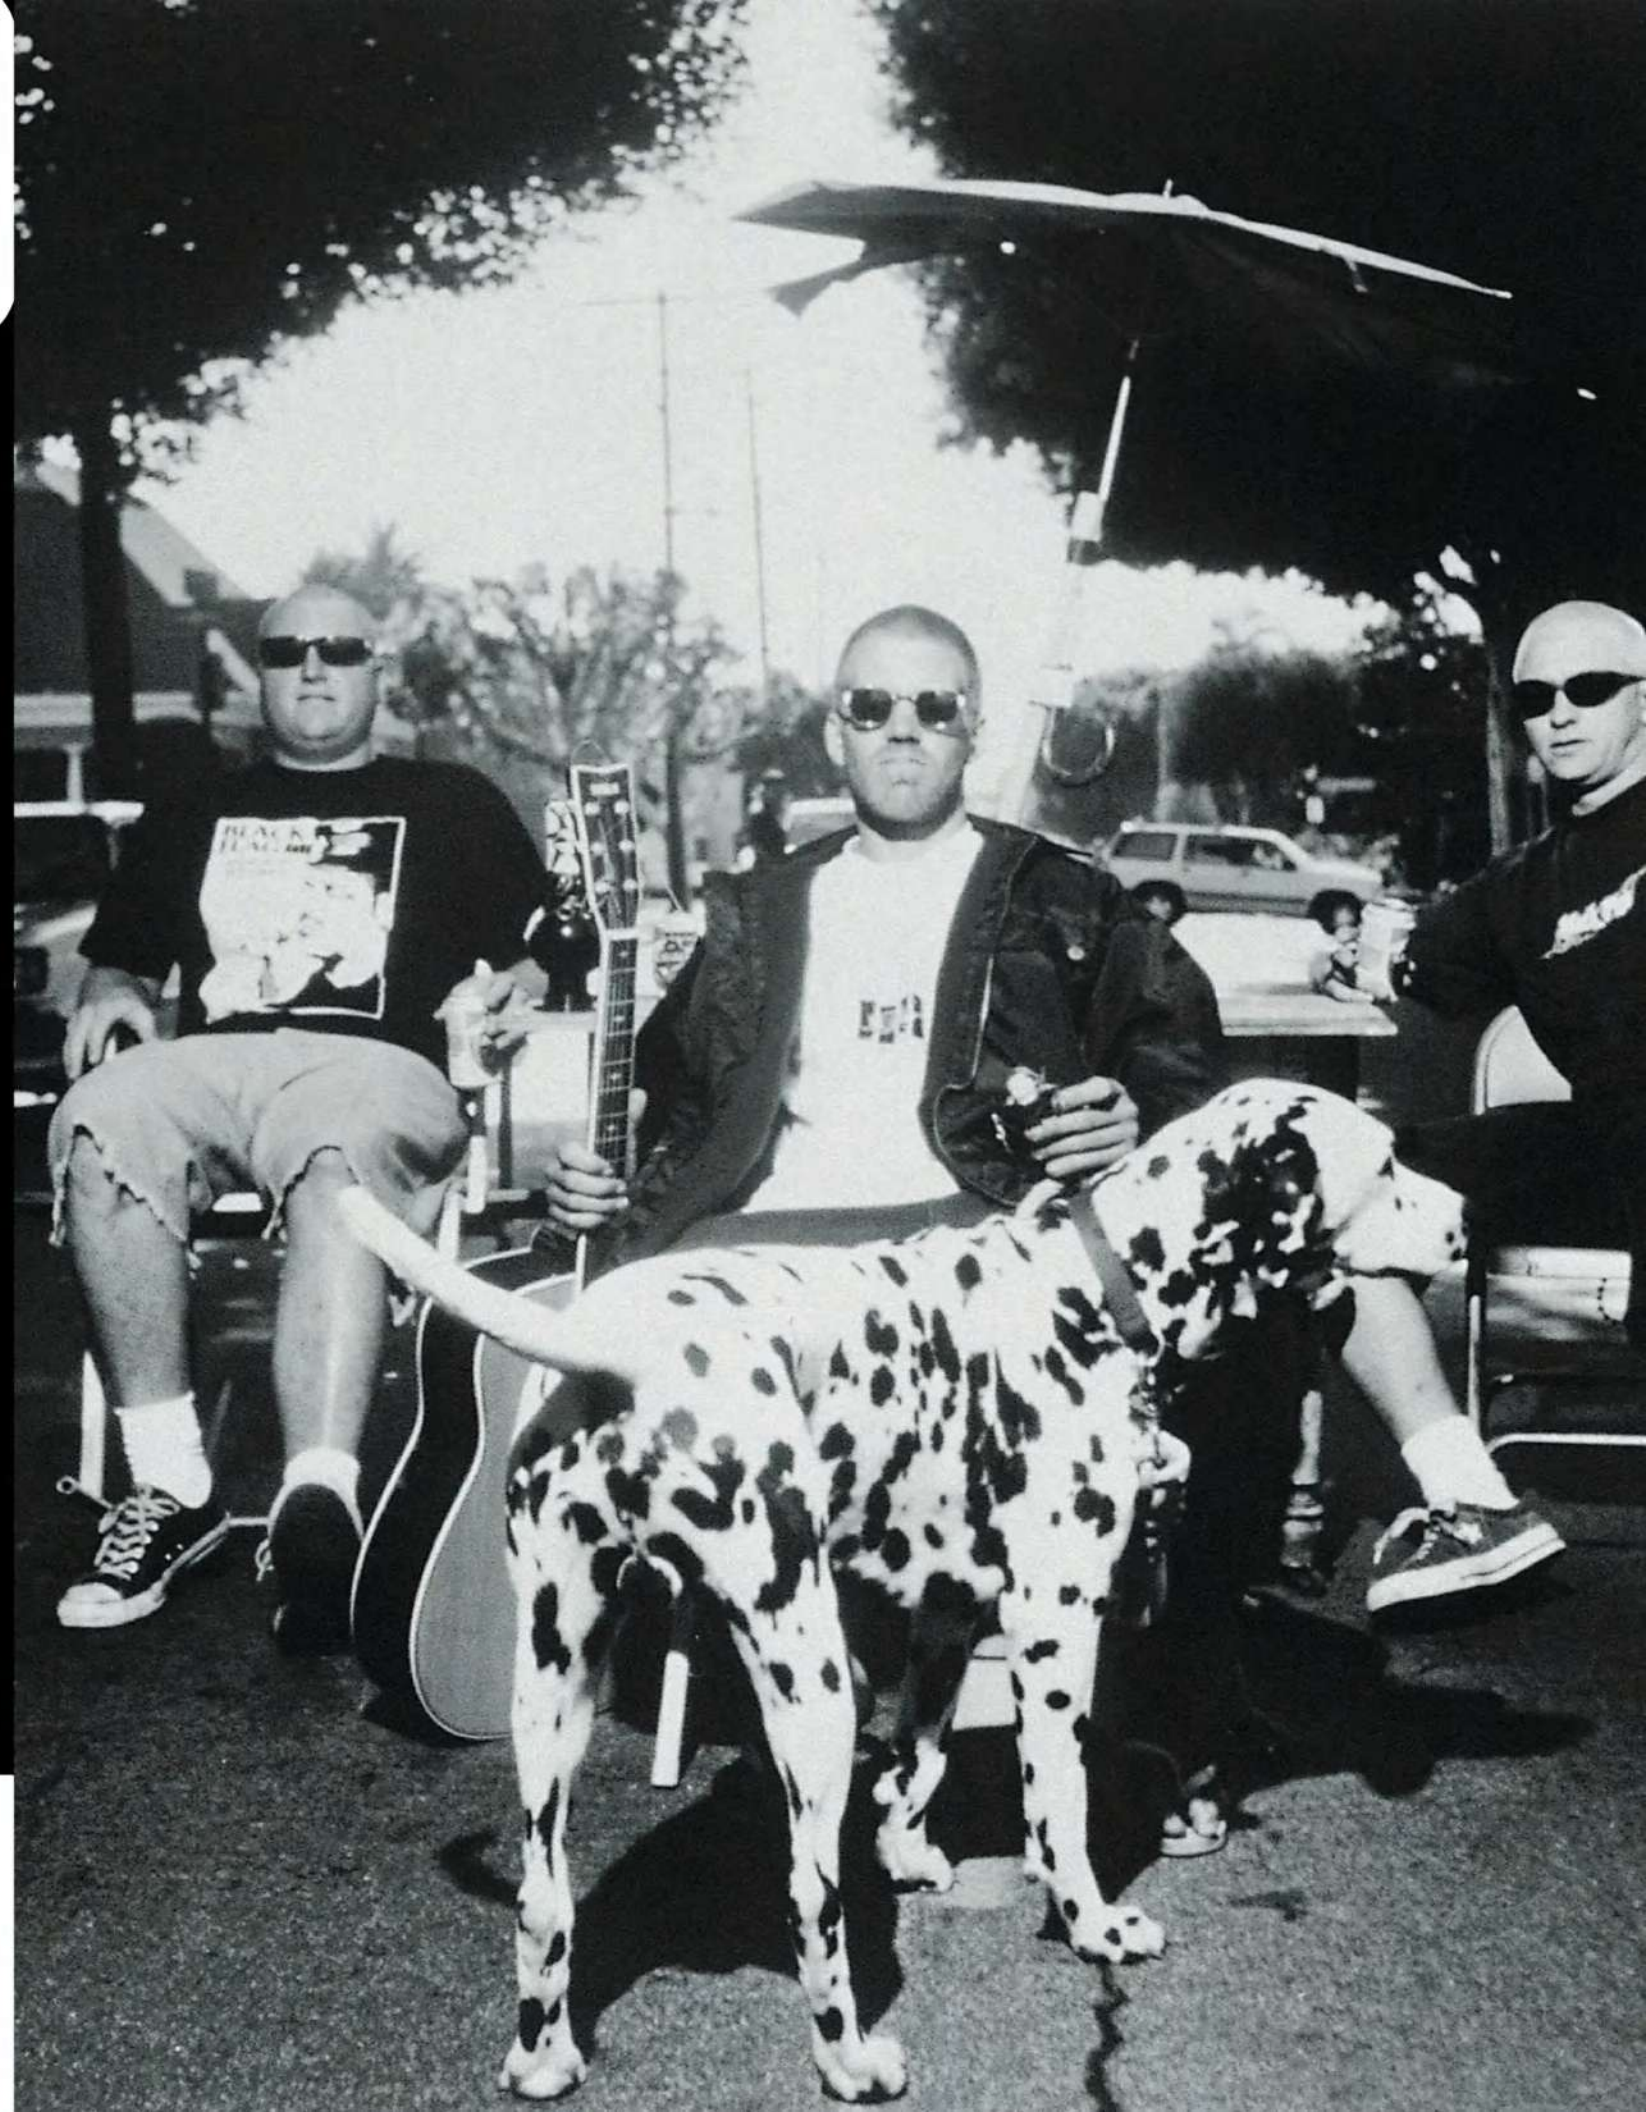

THE 686 X SUBLIME COLLECTION HONORS THAT LEGACY, CELEBRATING A TIME WHEN FREESTYLE BOARDS AND TWIN TIP SKIS BUILT A BRIDGE BETWEEN THE SNOWBOARDING AND FREESKIING COMMUNITIES.

infnDRY™ fabric fuses fabrics with multiple levels of protection to keep you dry. This fabric meets strict 686 specifications and endures countless hours of testing to ensure the utmost waterproofing, breathability and durability.

DWR coating is the finish applied to 686 fabrics increasing their contact angle and thus repelling water while maintaining high breathability. DWR also helps repel stains and oils that can damage your garment's surface.

COLOR IS A LANGUAGE THAT TRANSCENDS WORDS AND EVOKES EMOTIONS. EACH HUE CARRIES ITS OWN SIGNIFICANCE: THE CALMING BLUE OF A CLEAR SKY ON A POWDER DAY, THE SOFT PINK OF ALPENGLOW OR THE REFRESHING GREEN OF A PINE FOREST. THE WINTER 25/26 COLOR PALETTE IS INSPIRED BY WHAT WE SEE FROM THE MIND SURFING WE DO AS WE PLAN, TO THE FLOW WE FIND AS WE EXPLORE. WE SHOWCASE SUBTLE EARTH TONES TO VIVID BRIGHTS. SOMETHING FOR EVERYONE.

TECHNICAL FABRICATIONS

The seams where pieces of fabric are brought together are the most likely spot for moisture to intrude into a garment. The seam taping process prevents this by making the seams as waterproof as their surrounding fabric. Seams in 686 garments can be full taped throughout the garment or taped only at critical areas to further ensure quality workmanship and guarantee waterproofing.

The GORE-TEX membrane is created as a series of pores. Each pore is 20,000 times smaller than a water drop, yet large enough for vapor to pass through. This creates the ultimate membrane for keeping the inside of your garment dry while still allowing moisture and perspiration to pass through, effectively regulating your body temperature while keeping you comfortable inside your jacket or pants.

Not only is GORE-TEX fabric lightweight and breathable it also guarantees you will stay dry and warm in any condition, for the life of your garment. All GORE-TEX fabrics are bluesign® approved, meeting the highest environmental standards.

TECHNICAL FABRICATIONS

A gridded fleece mouth flap creates open air channels between insulation to increase breathability in an area around your mouth where moisture is most likely to build up. This material is designed to create a temperature regulating environment that is warm and also hyper breathable to reduce uncomfortable freezing of fabric around your chin and mouth.

Your phone is in and out of your pocket to film, meet up with friends or to find out when a chair is opening at the resort. This fleece inner pocket is designed to keep your phone tight to your body and use body heat to keep it at a temperature that will reduce battery drain on hill in the cold.

GLCR Jackets have a built in goggle pocket that holds tight to your body when you ride and mesh that allows lenses to breath and not get fogged out. An extra pocket is built in just below this pocket for a day when you need a fresh lens after you get off the lift on a wet day or fall face first into the snow.

The Original, Trademarked 3-in-1 Detachable Layering System. Since its inception decades ago, 686 SMARTY® 3-in-1 technology has set the integrated layering standard for the outerwear industry, adding premium versatility and value to jackets and pants. Every SMARTY® combination is specifically designed so that the shell and detachable liner work in unison to provide the ultimate experience, versatility, and value. Available in Spellbound Jacket.

Nothing is more frustrating or uncomfortable than getting snow up your sleeve. A lycra wrist gaiter and an adjustable wrist gaiter will lock snow and cold out of your jacket whether you wear your jacket over or under your mitt.

686 jackets have a built in goggle pocket that holds tight to your body when you ride and mesh that allows lenses to breathe and not get fogged out. TO

THE VOICE OF A GENERATION, **SUBLIME** FORMED IN LONG BEACH IN 1988 AND BROUGHT FORTH A NEW BLEND OF ECLECTIC SOUNDS AND INFLUENCED THE SOUNDTRACKS OF SNOWBOARD AND FREESKI CONTESTS AND VIDEO PARTS FOR THE GREATER PART OF A DECADE. EVEN AFTER THE UNTIMELY PASSING OF FRONTMAN BRADLEY NOWELL, **SUBLIME'S** MUSIC CONTINUES TO INFLUENCE GENERATIONS OF SKATERS, SURFERS, AND MISFITS ALIKE. THE BAND'S UNIQUE ABILITY TO CAPTURE THE SUN-SOAKED, REBELLIOUS SPIRIT OF SOUTHERN CALIFORNIA STILL RESONATES ACROSS OUR CULTURE TODAY.

THE 686 X **SUBLIME** COLLECTION HONORS THAT LEGACY, CELEBRATING A TIME WHEN FREESTYLE BOARDS AND TWIN TIP SKIS BUILT A BRIDGE BETWEEN THE SNOWBOARDING AND FREESKIING COMMUNITIES.
