2012

Gnu Snowboards
26/27

Gnu's legendary Sequim Washington board building facility introduces the best offering of advanced geometry Gnu Snowboards ever! 26/27 features; grass fed Wagyu beef, Turbo G power, technology Upgrades and a 100% chance of Scorp. Bailey is a Good Apple. Jamie A takes us to moonlit mountains. DJ DIY master Warbs brings the all new T.R.E. model. The Pro Mag Cummins family Banked Country got a chili performance tune up and Barrett's Barrett dressed up in black and white for the season. Our cow "Moose" got loose and well out of the pasture, we have some spicy new women's models in wild price points.

It's a great year to Gnu.
